GREENE HD PRODUCTIONS*Current Series Releases***Rhythms of the Road - 13 x 60 series**

In each of the 13 episodes our travels will take us down America's mother road, Route 66. At select destinations we will stop and discover the unique look, history, food, and folklore of each town. But the highlight of this program is mixing a concert series with the travel, creating a dynamic new series never before seen on television. Combining music from the 50's, 60's, 70's, and a little country, there is something here for every viewer.

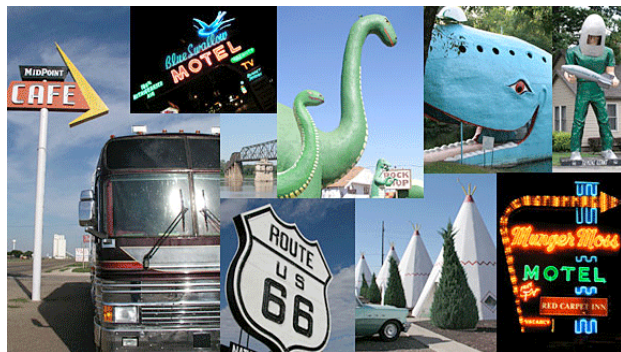

**Airshow Extreme - 13 x 30 series**

Airshow Extreme is a new HDTV series of heart pounding action, death defying stunts, with highlights of all types of aircraft rarely seen in this detail. World War II fighter jets, open air prop planes, modern day war birds, and air show regulars the Thunderbirds, to name a few, take us on a mission that is guaranteed to fascinate and thrill. We offer the viewer a rare inside look at what it takes to put on the most exciting airshows in the world.

Crystal Kingdom - 4 x 30 series

Come on a voyage into the world of glass... a journey of form, color, and exquisite design. Enter Sweden's Crystal Kingdom with it's rich and vital history dating back over 300 years.

This program series takes an in depth look at the processes, people, and beauty that makes up Swedish Crystal. Shot on location this program is full of incredible images and great stories. We focus on glassmaking from about 8 different factories in the Vaxjo and Kalmar regions of Southern Sweden.

**Route 66: Marathon Tour - 14 x 30 series**

The series covers the complete story of Route 66 from folklore and history, through its de-commission, to its present status as a national historic site. The production starts in Chicago and covers the entire road to Los Angeles, containing 78 interviews conducted over 8 states.

As the automobile began to replace railroad travel in the mid-1920s, Route 66 became a two-lane avenue that connected farm roads to industrial America. More and more people ventured along the route through the Great Depression, World War II, the era that was folk music and the emergence of rock n' roll. Single pump gas stations, drive-in movies, honky-tonks, truck stops and motels were the icons travelers saw along this route.

GREENE HD PRODUCTIONS*30 and 60 Minute Programs***Radio Pirates - 1 x 60**

This one hour, rock and roll history documentary highlights Swinging Radio England, one of the original pirate radio stations in the UK in 1966. The sounds of the first ever 24 hour rock and roll station usher in the Americanization of pop music in Great Britain, while flaunting equally brilliant British bands from across the pond, to forever change the face of radio, and rock and roll, as we know it today. This show brings to you the raucous musical climate of the 60's and the history of this great rebellion in a way that will inform and entertain even the most knowledgeable of music

The Legend of Meramec Caverns - 1 x 60

Available in both 30 min and one hour programs, this voyage into the underground sanctuary known as Meramec Caverns is fascinating from both a geographical and historic perspective. Only High Definition 1080i can bring you this close to the beauty and wonder of the inner earth, as bedrock erosion and the careful hand of time leave us with a geological jungle to explore.

Outride the Devil - 1 x 60 or 1 x 90

Outride the Devil, A morning with Doc Holliday. This critically praised original one-man show presents highlights of the last fourteen years of the life of Doc Holliday the frontier dentist, gambler and gunfighter and culminates with a re-enactment of the gunfight at the OK Corral. From the Fort Worth Star Telegram review: "Kit Hussey...may well own the definitive portrayal of the dentist turned gambler and gunfighter..." And, "Hussey...provides a thunderous enactment of the nine-gun shootout..."

Floating on Air - 1 x 60

Come on an amazing HDTV journey floating weightless across the countryside. This very colorful piece of eye-candy looks rather 3 dimensional in HD. We focus on every aspect of Hot Air Ballooning, from launch and recovery, to competition and the beautiful night glows and special shaped balloons.

Texas Independence - 1 x 60

People all over the world know Texas. They love the image of Texas and Texans, even if they've never met one. They can look at a map and point out Texas. Ask a Texan where he's from - he'll just say Texas. The novelist John Steinbeck perhaps said it best: "Texas is a state of mind. Texas is an obsession. Above all, Texas is a nation in every sense of the word." This program is about those who fought and died for that dream.

Texas Wild - 1 x 30

This nature documentary has been showcased at the Jackson Hole Film Festival, CES, and NAB. It has won over 12 national and international awards, including an Emmy nomination. It takes the viewer across 8 different regions of Texas and highlights over 68 different creatures through some of the most beautiful HD nature footage ever captured on tape. This program has been recently updated with aerial cinematography and additional scenes.

Land of the Giants - 1 x 30

Our assignment was to produce the first HDTV documentary for the National Park Service. A Winner of the 1998 Telly Awards, Communicator and Vision Awards. The program encompasses the grandeur and beauty of the Giant Redwoods of Northern California and will be shown in the first HD theater built for the park system. Breathtaking footage featured in this production includes elk, sea lions, Stellar Blue Jays, Banana Slugs, and, of course, the world's tallest trees.
